Why contribute to Open Source?

- Improve existing skills
- Meet people who are interested in similar things
- Find mentors and teach others
- Build public artifacts that help you grow a reputation (and a career)
- Learn people skills
- Empowering to be able to make changes, even small ones

If you don't got sauce, then
you lost

root@chad.so

Hello,

I stumbled across your solution to integrate Slack and Typeform api to auto invite users. I am newer to Javascript and has a question on its implementation.

I am working with a bootstrap template and have set up as a static page for the purpose of this integration. Would I include the index.js and lib folder in the my Javascript folder and then include the dependencies in a vendor folder, or is it possible to install a package.json/npm on a static html page easily?

Thanks for your time.

Gotcha, I just ran node index.js and got the answer I was looking for.

Thanks for making the code public, have a great weekend.

getting_started

A screenshot of a web browser displaying the <https://opensource.guide/how-to-contribute/> page. The browser interface includes a tab labeled "How to Contribute to Open Sou", a back/forward button, a search icon, and a URL bar with the full URL. Below the browser is the actual website content.

The website has a header with "Open Source Guides" on the left, "About" and "Contribute" links on the right, and a navigation bar with icons for GitHub, Bitbucket, and others. The main section features a large title "How to Contribute to Open Source" and a subtitle: "Want to contribute to open source? A guide to making open source contributions, for first-timers and for veterans." Below this is a "Table of Contents" button. The background of the main content area features a stylized illustration of two astronauts in space, one red and one blue, floating near Earth.

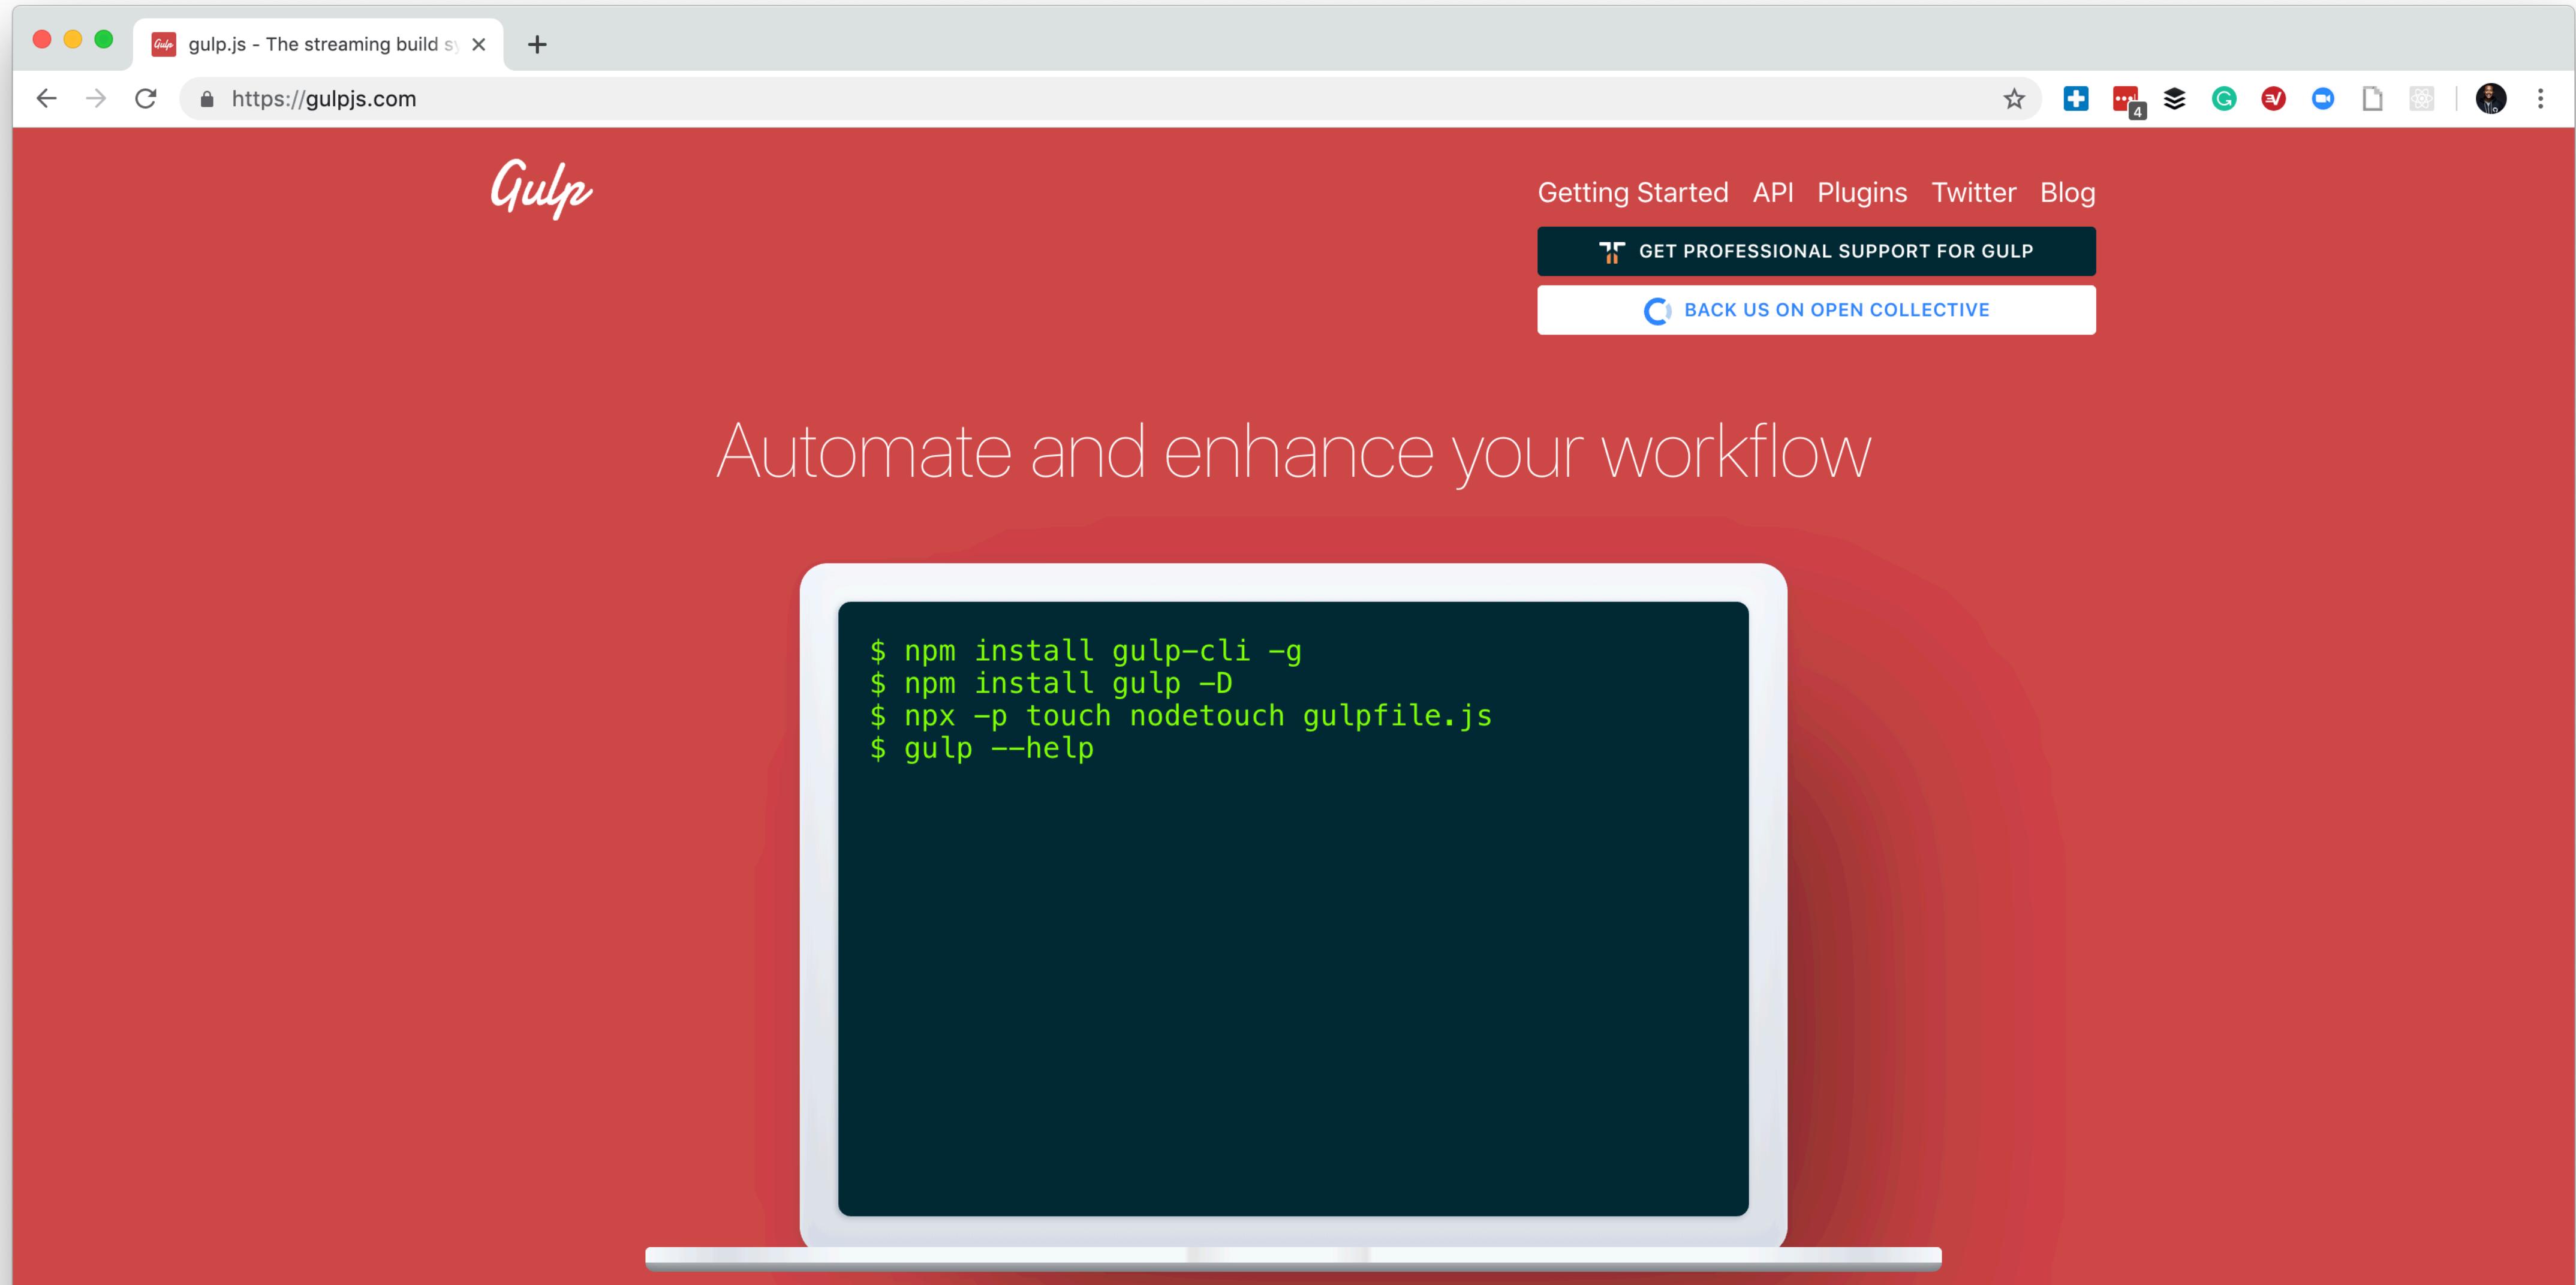

What is an open source contribution?

- New feature
- Automate project setup
- Improve tooling and testing
- Documentation improvements

My last open source contribution

@blacktocats

My last open source contribution

The screenshot shows a web browser window with two tabs. The top tab is for the Gulp.js website (<https://gulpjs.com>), featuring a red header with the word "Gulp" in white script, navigation links like "Getting Started", "API", "Plugins", "Twitter", and "Blog", and two calls-to-action buttons: "GET PROFESSIONAL SUPPORT FOR GULP" and "BACK US ON OPEN COLLECTIVE". The bottom tab is for the GitHub repository "Pull Requests · gulpjs/gulpjs.github.io" (<https://github.com/gulpjs/gulpjs.github.io/pulls?q=is%3Apr+author%3Abdougie+is%3Aclosed>). This GitHub page displays a list of closed pull requests by the user "bdougie". The filters at the top of the list are set to "is:pr author:bdougie is:closed". The three visible pull requests are:

- #47: adds contribute section (merged on Jan 10, 2017)
- #40: Adds svgs to New site (merged on Dec 31, 2016)
- #36: Adds svgs and new site styling (closed on Dec 30, 2016)

Localhost an editor	Get GitHub Desktop , Atom , Microsoft VSCode , Visual Studio Code working locally	starbucks gift card	5	claim

@blacktocats

good_first_issues

@blacktocats

github.com/orgs/ohub-floss-atl/projects/1

The screenshot shows a GitHub organization's projects page for "OHUB FLOSS and Code ATL". The main navigation bar includes links for Pull requests, Issues, Marketplace, and Explore. Below the navigation is a search bar and a user profile icon. The top navigation bar also includes a bell icon, a plus sign for creating new items, and a user profile icon.

The main content area displays a "Good First Issues" board with four columns representing different programming languages:

- Java:** Contains 3 issues. One issue is labeled "good first issue" and "help wanted".
- Python:** Contains 5 issues. One issue is labeled "bug", "good first issue", and "security".
- Ruby:** Contains 5 issues. One issue is labeled "feature request" and "good first issue".
- JavaScript:** Contains 7 issues. One issue is labeled "C++" and "good first issue".

Each card on the board provides details about the issue, such as its title, ID, assignee, and labels. A "Filter cards" search bar and various board management buttons ("Add cards", "Fullscreen", "Menu") are visible on the right side of the board.
